Dear Sir:

This is responsive to the Interview Summary mailed on May 8, 2006.

Applicant wishes to thank the Examiner for the courtesies extended to Applicant's representative during the telephonic interview that took place on 27 April 2006. During that interview, the *Telia* reference was discussed and in particular, the timing advance of that reference. The Examiner explained the Examiner's position regarding interpreting the timing advance language from the *Telia* reference. Applicant's representative explained how the timing advance of the *Telia* reference does not provide the type of time information that is the subject of Applicant's application.
